

# Intelligent, innovative and efficient: the ZARGES labeling system.

## Label clip

A seamless and optimized ordering process is only possible with the help of simple and intelligent labeling.

- ▶ The clip, which can also be retrofitted, is an ideal addition to our existing labeling system. An innovative further development of our existing product range.
- ▶ All label holders can be inserted with and without a clip.

With a simple sliding movement, the “traffic light system” indicates when new stock is required. The filling level of the KANBAN container is displayed and the order status visually recorded. **Utility-model patent protected.**

Green: sufficient quantity of the article in stock.

Yellow: article is ordered/order recorded.

Red: re-order article.

# Optimum supply guaranteed: labeling.

Label holder, vertical

SKU	Description	Dimensions, L x W x H, approx. mm
46551	can be inserted in slots, clipped on to module edge and dividers	44 x 14 x 63

Matching label holder plate: SKU 46025

Label holder, crossways

SKU	Description	Dimensions, L x W x H, approx. mm
46552	can be inserted in slots, clipped on to module edge and dividers	65 x 15 x 42

Matching label holder plate: SKU 46025

Adhesive labels in various colors for SKU 46025

SKU	Description	Dimensions, L x W x H, approx. mm	Packaging unit	Dimensions, W x H, approx. mm
46221	white			
46222	blue	25 labels on DIN A4	250 sheets	37 x 55
46223	yellow			
46224	red			

Label clip, vertical

SKU	Description	Dimensions, L x W x H, approx. mm
46553	Label clip, vertical (traffic light system)	48 x 11 x 14

Label clip, crossways

SKU	Description	Dimensions, L x W x H, approx. mm
46554	Label clip, crossways (traffic light system)	68 x 11 x 14

Paper label for SKU 46023

SKU	Colour	Sheet	Packaging unit	Dimensions, W x H, approx. mm
46225	white	14 labels on DIN A4	250 sheets	80 x 40

Label holder plates (PS)

SKU	Description	Dimensions, L x W, approx. mm
46025	Fits SKU 46551 and SKU 46552	60 x 40

Label holder (PC), transparent, for paper labels

SKU	Mounting	Dimensions, L x W x H, approx. mm
46023	clips onto upper edge of the modules	80 x 37 x 44
